Man has three great needs

- External/physical
- Internal/emotional
- Internal-Eternal/spiritual

Man has three great problems

Last night we talked about three problems, all of these are related to the eternal/spiritual sphere.

Three problems: note the problem, the sphere, the solution

- sin/legal—justified
- sin/death—life, freedom from condemnation
- sin/future—hope for eternity

Jesus is the solution to our problems

Tonight, I expand that discussion, and remind you that Jesus is God's solution to all of our needs. Jesus is the answer; Jesus is God's "yes."

Three needs

- External/physical
- Internal/emotional
- Eternal/spiritual

These are related to the body, the conscience, the heart (not physical but spiritual)

John 4:1ff

Living water: many of our songs relate to the living water, the fountain.

I want you to live eternally. I want you to know eternal life. I want you to spend eternity in heaven. I want you to know Jesus as the solution to the problems of life.

Five Affirmations

We close tonight's lesson with five biblical affirmations about this eternal life.

- Eternal life is a gift.
- Eternal life is divine.
- Eternal life is lasting.
- Eternal life is desirable.
- Eternal life is in the Son.
